Description

LUKOIL is one of the largest publicly traded, vertically integrated oil and gas companies in the world accounting around 2% of the world's oil production and around 1% of the proved hydrocarbon reserves. In 2021, LUKOIL reported proved reserves of 15.3 billion barrels of oil equivalent, the majority of which is located in Russia. The company explores for oil and gas in Russia and in about 15 other countries in Eastern Europe, the Middle East, Asia, and South America. It owns eight refineries in Russia and Europe, and marketing and distribution assets in nearly 20. In addition, LUKOIL has power generation assets in Russia, Bulgaria, Romania and Austria.
